19 April 2022

HON. ARMANDO L. LAURO
Municipal Mayor
Municipality of Tublay

Dear Sir:

Greetings!

The Bureau of the Treasury (BTr) under Executive Order No. 449 is mandated to bond all accountable public officials and employees pursuant to the provisions of the Public Bonding Law and issue appropriate guidelines and policies for this purpose.

In view of the Bureau's policy-making strategies for fidelity bonding, the BTr is currently conducting a nationwide data collection and analytics as to the total number of bondable positions vis-à-vis actual fidelity bond applications received and approved from all government agencies and instrumentalities. The result of this undertaking will be a great tool for us in determining plausible mechanisms in the creation of a government-wide database of bondable positions in public offices, as prescribed by law.

In this regard, this level would like to request from your end the list of all Bondable Officials and Employees in your agency, to be used by BTr to determine the number of bondable positions in public offices.

We would appreciate receiving the needed information until 20 April 2022 by accomplishing the prescribed template attached to this letter. Kindly send the duly accomplished template at baguio@treasury.gov.ph.

For any clarification, please feel free to contact us through **Ms. Faye G. Peping** at telephone no. **(074) 620-3692/09102692364** or via email at **baguio@treasury.gov.ph**. Likewise, you may also visit our official website at or the Bureau of the Treasury Baguio-Benguet Facebook page (<https://www.facebook.com/BTrBBPO>) for additional details and advisories.

We look forward to your compliance with fidelity bonding requirements to protect the interest of the National Government.

Thank you.

Very truly yours,

ELENITA B. BASCO
Chief Treasury Operations Officer II

cc: COA Resident Auditor
